

San Diego Housing Details

As a convenience to students, APW San Diego reserves a block of rooms for students in a hotel that is a 7-minute drive from campus. Simply choose your hotel stay as an add-on during course registration.

San Diego Housing is provided ONLY for students who sign up for housing through our registration site. This is a courtesy for our students and it is only available on a first-come, first-served basis. There may not be enough rooms and beds to accommodate all students.

Prices listed reflect a discount because multiple students share a room. There will be 2 students per room. Each person staying at the hotel must register and pay for their spot.

Breakfast and wifi are included in the price of housing, as well as shuttle service to and from the school on a scheduled basis.

Students who register for housing will be contacted if their preference is not available or if the price may be different from what is paid online.

Please keep travel time in mind if you arrange housing on your own. Please understand that the policies are set in order to keep the housing coordination as simple as possible and to keep the overall costs of housing as low as possible.

There will be a \$50 administration fee for all housing refunds. Refunds only allowed up to 30 days prior to the weekend start date.
